TO PROCLAIM A PROTECTORATE.

Report That Admiral Beardslee Has Those Instructions.

NAVAL STATION AT PEARL HARBOR

Commercial Expediency Will Demand the Construction of a Cable Between the Hawaiian Islands and the United States at No Distant Period.

HERE is likely to occur at no distant date a ceremony that will bring about a change long desired and eagerly hoped for by all those who have the best interests of the Hawaiian Islands at heart.

This is no less than the significant fact that the American flag is again to be raised in Hawaii and not to be lowered.

According to a well defined rumor, which had its origin through private information received from several reputable sources in the States, it is indicated that the American Government will soon take possession of Pearl Harbor under guaranteed treaty rights and virtually declare a protectorate over the islands. Admiral Beardslee is said to be vested with the authority necessary to carry out the programme.

While there is an absence of official authority concerning the matter, both as regards Admiral Beardslee and officers of the Hawaiian Government, color is given to the report by the action—taken before this time—of Senator Morgan in introducing a bill in the American Senate to appropriate \$100,000 to be used in dredging and widening the entrance to Pearl Harbor. Once this has been accomplished it will be necessary to ask for additional appropriations to cover cost of constructing a graving dock, warehouses and repair shops, thus equipping a complete and highly necessary naval rendezvous in the Pacific.

In view of this information, which is said to emanate from a reliable source, is it but natural to infer that a decided change has come over the spirit of the Administration, at least so far as the attitude towards Hawaii is concerned. There is no question as to the fact that the people are deeply interested in and looking forward to assuming closer relations with the Hawaiian Islands from every point of view. Such a course on the part of the United States cannot be viewed in but one light—that of ultimate annexation of the islands.

A naval station at Pearl Harbor would be of but little service to the American Government without cable communication, and that too under the immediate control of the United States. In the possible event of America becoming involved in war with Great Britain or any other foreign government, it would be of absolute importance to have direct communication with its fleet that might be stationed outside the confines of American territory.

Should the proposed Canadian-Australasian cable scheme be carried out, the promoters of that enterprise would not give Hawaii the go-by—they could not afford to do so, either from a commercial or financial point of view.

In the event of the construction and operation of the trans-Pacific cable under British supervision, the United States Government could not expect to make use of it in transmitting dispatches of war, especially if her complications were with Great Britain or any other country affecting the welfare of that nation.

Advices received by the Government by the last mail from Washington announce there is considerable opposition expressed by Congressmen against the action of President Cleveland in ruling in favor of the Hawaiian Government

leasing one of the islands for a cable-landing to the British company. Commercial expediency will demand cable connection between the islands and the United States by a landing on American soil.

The people of Hawaii should not be surprised if the prediction noted above take place, to which the inevitable points sooner or later.

An Official Call.

Yesterday afternoon at a little after two o'clock, Ministers Hatch, Damon and Smith made an official call upon Admiral Beardslee. At the return of the gentlemen a salute was fired and the Hawaiian ensign hoisted. The wharves near the steam launch's landing place were crowded with people.

FRIEND AND ACTIVE WORKER.
Building Association's Resolutions on Death of Mr. Carter.

At the regular monthly meeting of the Pioneer Building and Loan Association, of Hawaii, held at their office on the date mentioned, the following preamble and resolutions were unanimously adopted:

Whereas, In view of the loss we have sustained by the decease of our friend and associate, Charles L. Carter, and of the still heavier loss sustained by those who were nearest and dearest to him; and

Whereas, This association has lost a faithful and efficient officer, who zealously guarded its interests, and through whose advice it has attained its present prominence and success; therefore, be it

Resolved, That it is but a just tribute to the memory of the departed, to say that in regretting his removal from our midst, we mourn for one who was, in every way, worthy of our respect and regard;

Resolved, That we sincerely condole with the friends of the deceased in their hour of trial and affliction, and commend them to the keeping of Him who looks with pitying eye upon the widowed and the fatherless;

Resolved, That these resolutions be spread upon the records of this association, and a copy thereof be transmitted to the family of our deceased friend and associate, and to the DAILY ADVERTISER, Daily Bulletin, Hawaiian Star, and Kuokoa newspapers.

OUR RELATIONS ARE FRIENDLY.

Letter from Minister Hatch which Speaks for Itself.

The following document was delivered at the ADVERTISER office early yesterday afternoon by a representative of the Foreign office. It speaks for itself:

DEPARTMENT OF FOREIGN AFFAIRS,

HONOLULU, H. I., Feb. 4, 1895.

DEAR SIR:—I have noticed in this morning's issue of the PACIFIC COMMERCIAL ADVERTISER an editorial commenting unfavorably upon the action of the American Minister in relation to the deportation of Mr. Cranston.

I desire to call your attention, in this connection, to the fact of our friendly relations to the Government of the United States, and that, therefore, it is desirable that due caution be exercised in commenting upon the official conduct of its representative here, to refrain from harsh and unfriendly criticism—and especially so when reference is made to the acts of the President of that country.

I have the honor to be, Dear Sir,

Your obedient servant,

FRANCIS M. HATCH,

Minister of Foreign Affairs.

To Wallace R. Farrington, Esq., Editor

P. C. ADVERTISER, Honolulu.

Elect Their Officers.

The Woman's Board of Missions will hold a monthly meeting this afternoon at 2:30 o'clock in the church parlors. Mrs. U. Thompson will read a paper on missions in Siam and Laos. Miss Dudley will also address the Board.

ATHLETICS TO HAVE A BOOM.

Meeting Held Last Night Decisive To That End.

BASEBALL GAMES TO BE REVIVED.

Football Match Between Local Team and Philadelphia Club on Washington's Birthday—Tennis Tournament—Action of Athletic Club, Etc.

A little after 7 o'clock last evening the parlors of the Y. M. C. A. were well filled with enthusiastic supporters of athletics from all over the city. The boys seemed bent upon doing something that would set Honolulu circles agog with excitement and anxious expectation.

The first meeting of the evening was that of the Honolulu Football Association, which has been trying for so long to get up a game worthy of making its name famous at home and abroad.

The arrival of the Philadelphia a few days ago gave the boys an idea of trying to arrange for a series of games between the men of the white cruiser and themselves. Word was accordingly sent aboard and a favorable answer received.

The boys made up their minds to "strike while the iron is hot," and decided to have a meeting as soon as possible.

The first business of the evening was the naming of dates for the proposed games. After due deliberation and discussion, it was thought best to have the first game on the 22d of this month, allowing an interval of over two weeks for practice. The second game was set for March 9th. In case of a tie, the play-off game would be decided a fortnight from the time of last game, or the 23d of March. All games will be played under the rules of '94, with the omission of the wedge.

W. E. Beckwith offered his resignation as coach of the football team. It was accepted, and Jimmy Wilder, fresh from Harvard, was elected to fill his place. The boys were congratulating themselves after the meeting that they hit upon such a good man.

The finance committee was ordered to find out how much expense would be required for the proposed games with the Philadelphia's team, and to arrange for the issuing of a series of stocks, assessing the values of the same and to report at next meeting.

It was decided to purchase uniforms of the latest pattern, and the boys are bent upon playing in the best form possible.

Captain Olmstead, of the Philadelphia's team, was present at the meeting and expressed himself as highly pleased with the tactics carried out by the boys in their determination to have a series of football games. He said the dates adopted for the games—namely, the 22d of February, 9th of March, and in case of a tie, 23d of March—would be accepted by the team of the Philadelphia, it having been decided by them to leave the whole arrangements with the local club.

The Philadelphia men are a little ahead of the Honolulu boys on the matter of practice.

As soon as possible, Captain Olmstead will endeavor to obtain permission for his men to come ashore and indulge in the regular field practice, which is so much needed.

The second meeting, that of the Honolulu Amateur Athletic Club, was held immediately after the adjournment of the football meeting, as nearly all the members of the latter belong to the former.

The treasurer's report showed \$75.90 in the treasury, with no liabilities. James Thompson, formerly captain of the Hawaiians, was appointed manager of the base ball team, which is to be chosen from the ranks of the club. He is to take charge of everything in connection with base ball.

Charlie Hyde made a statement to the club that he, as well as a few others, had been enticed into the club under the pretence that great things were going to be done in the tennis line. He wanted something done about it. His joke was appreciated, and he was forthwith elected chairman of the tennis committee.

Hyde did not delay his authority for a moment longer than was absolutely necessary
